

Feather the Nest *Wings* Fundraiser

Thursday, February 12
5 p.m. social hour
6:30 dinner

Wings is a wildlife art educational program for the whole of Jackson County for grades K-12. Program kits feature such things as waterfowl taxidermy for direct observation drawing, painting and carving media techniques, and proper species habitat and compositional landscape guidelines. To help this exciting educational venture take flight a fundraiser with the Museum's partner, Delta Waterfowl, will feature field gear, wildlife art, decoys and other related items for raffle. This casual evening is fun for the whole family. Wildlife art is very popular with all ages. One out of every 4 artworks sold today is wildlife art! A Delta Waterfowl membership is included in the admission and dinner ticket (Single \$45, Double \$70, and Youth \$25). Reservations are required. Contact the Museum today.
